WHAT DO THEY NEED FOR A SPACE MUSEUM?

**Abstract**

With the start of commercial space travel, space has become more accessible. In the beginning, the primary purpose of space travel was to go to space, but shortly, space travellers will be interested in going to space and what they will do. Shortly, space travellers will be interested in going to space and what to do. One of these destinations is the Space Museum. Even now, tourists visit museums in many tourist destinations. There is history, nature, art, culture, knowledge, new and old, and all kinds of encounters. What do they need for a space museum? This article will consider what space travellers are looking for in a space museum and suggest attractive museums that they would like to visit in space.
